You are once again going to have your eyes brightened and your stomachs relieved as another team of the San Diego Kings-Douglas Smith & Sonette is once again here.

The one responsible for this whole mess is MS... Marcia (Hall) Mann, 1011 Barrett Avenue, Suite 1100, Cambridge, MA 02142... (617) 490-1000. She is a 4th grade and still 11 years old. What she is an OGT Publication in association with the 1997 Boston Herald (the Miller-Miller branch). At present there are no openings for a new owner.

All these are planned by alder men
In Council Room AMEN,
The hall the meeting chamber
And yet the world's dumb,
But out along the shadowed street
Where rolling waves turned back
How many young men's faces were
Made all the more manly,
Portly and bold in their pride,
The Elders took their vote
For this or that, or something else,
That seemed the wiser note,
But where their children were
Beyond life's narrow zone,
I've noticed many all the day
Wish harder work than none.

ROME(3 March 1907); Her holiness the Pope today offered a High Mass of Celebration,giving thanks for the Russian failure to build anything. "He,he, snicker,shriek." Communion was also given. The host was the former French Ambassador,sliced up into centay-teenty alices. 1,000 of them,to be precise. Later on,reporters were allowed to interview the Pope,but this consisted mostly of her Holiness sticking pins in various parts of Europe and screaming,"Die,die."

1968-AI

LONDON: How long, O Europe, will two small English fleets be able to hold off the Russian Hordes which threaten to soon over-run us all? WAKE UP.

TURKEY: H-H-H-Help. HELP.

1968-02

ANKARA: Hey Ali, please don't jump me in this one, too. I promise to be good and not steal anything.

SHENKUFER: Besides, you're supposed to be polite to Girls.

ANKARA: Hey, I told you I was in a game with you. And if I ever get out, I'll be back to help you.

1968-03

PARIS: I refuse to believe this game. Twice I have moved against Russian units and twice they have failed to move. Only I seem to miss their fluctuations. God but Ray will you attack that Russian player so that I know where the hell you stand.

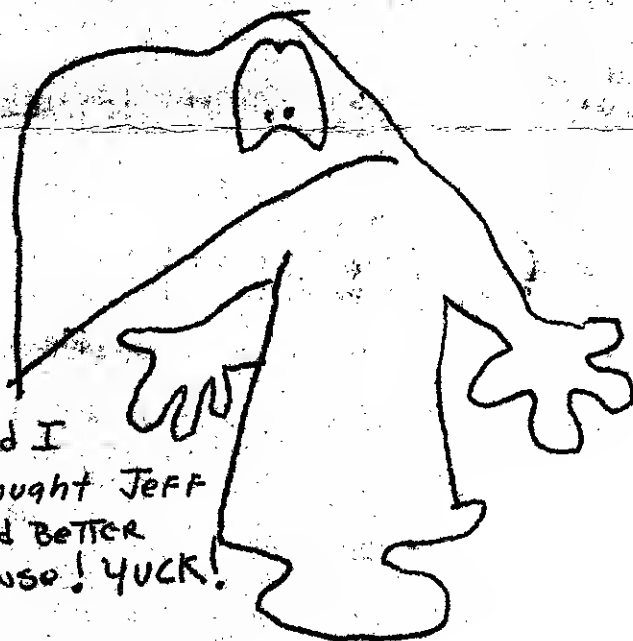

The carnal desires of the Camel,
Are greater than anyone thinks.
At the height of his seasonal passion
He frequently buggers the sphinx.
But the arse of the sphinx is congested
with sand from the bed of the Nile,
Which accounts for the gloom of the Camel,
And the Sphinx's inscrutable smile.

DEADLINE FOR ALL GAMES IS SATURDAY AUGUST 8, 1970.

ISMIR: The Premier of the Turkish Hegemony looks with extreme displeasure on the movement of the Ukrainian fleets in the black sea. Informed sources indicate that the premier has ordered total mobilization along the northern frontier of the Hegemony but NOT deployment outside of Turkish holdings, pending further action on the part of the Ukraine Republic. In other news, it was reported that the "Roving Ambassador" of the Balkan Union, A.Z. Djak arrived at Istanbul International Airport on a neutral flight armed with a sealed Diplomatic pouch. Considering the state of war that now exists between the Balkan Union and Turkish Hegemony, the shock of the daybreak both to reporters and Mr. Djak, was the extreme and cordial friendly treatment given him by certain members of the Diplomatic Corps, The Secret Police, and the Foreign Intelligence Agency, on hand to greet him. However the result of informal talks between the Premier and Mr. Djak was said to be that neither Country yet desires to reach any sort of accommodation on the terms desired by the other Country. But Certain agreements on Prisoner-of-war treatment and exchange were reached, as well as a humanitarian agreement for elements of the Turkish Fleet on the Aegean and the Balkan Fleet in the Province of Athens to send aid in the form of food, Medicine, and blankets to recently earthquake ravished Corinth. At last report, Sailors and Marines from both units were working side by side, although somewhat uneasily, in the distribution of aid to the stricken Corinthians. Meanwhile, Sporadic fighting continued in Plodiv, Varna, and Vidin (Where it was reported that Balkan Troops have uncovered a site of a Ukrainian Atrocity, the Mass grave of 2359 Balkan women and children, machine gunned in their home).

The Cultural Trade fair in Sinope, sight of a series of excellent displays of Balkan trade items and culture, was said to be a resounding success with 53,000 attending the first week. One of those attending was the Premier himself, who ~~was~~ was said to remark on the great beauty of several of the Balkan exhibits. He was also rumored to have said; "It would be a tragic shame if this monument to the friendship of our two countries was to be sabotaged by any mis-directed actions of the Balkan fleets in the Black Sea, or the Balkan Fleets in the Crimea, against the territory of the Turkish Hegemony or her ally the U.S.S.R." It was here that the Premier decreed the Mobilization of all forces in the North, and in the Eastern Mediterranean.
